CURTAIN
HEADER
TYPES

Choose from six curtain header types to help structure the look of your curtains.

Wave

A contemporary heading style which creates soft, wave like folds.

Pencil Pleat

This curtain header type gathers the fabric for a luxurious feel.

Double Pinch Pleat

The top of the curtain is sewn in pleats for a more laidback look.

Eyelets

A modern design that provides large, even curtain pleats. Choose from complimentary eyelet colours to match your curtain pole.

Deep Pencil Pleat

A deeper heading than the standard pencil pleat, this header type is better suited to longer drop curtains.

Triple Pinch Pleat

A more formal, decorative header type with pleats sewn in.

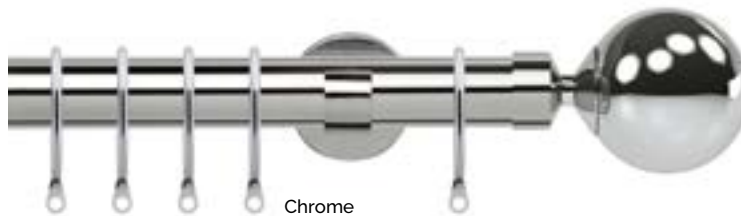

METAL
